

Domestic International Air and Ocean Freight Forwarders

Labeling of your samples

Please remember that your samples are being sent to a consolidator that has freight entering and leaving every day/all day. If your boxes are not marked correctly with the proper information you can jeopardize, first their arrival at CFI in a timely fashion, (especially for frozen and chilled goods) and second their arrival to destination jeopardizing your sales presentation and this is the reason you are going.

In order to make sure everything arrives on time and in the best condition please follow these points:

- Use the correct colored label — Please copy to colored paper or use highlighter on outside of label.
 - **Red** for dry goods
 - **Green** for chilled goods
 - **Blue** for frozen goods
- Make sure the consolidators address is on each label.

**Commodity Forwarders, Inc
220 Lawrence Avenue
Lawrence, NY 11559**

- Make sure that the suppliers name & address is on each label.
- Show the destination on each label/carton - Anuga Food Show
- Show the number of cartons shipped on the labels (i.e. box 1 of 3; box 2 of 3; box 3 of 3)
- All documentation should be attached to box #1 in the enclosed pouch or packed in box #1. Please write on the outside of this carton that documents are enclosed. **We do find that some of the domestic shippers i.e. Fedex and UPS do remove documentation so please be careful)**

This documentation includes:

- ****The 4-Copies of invoice enclosed in the export package**
- Use one for dry, one for chilled, one for frozen and one for all returning freight
